

ULLMANSTOLEN

IF YOU PLANNED ON SITTING FOR A WHILE

Nite-Flite

The chair illustrated is fitted with extra items

UllmanStolen Nite-Flite is for the one with a length over 190 cm. The differently shaped backrest is not only classic design but will also give you total relaxation and the neck pillow will take the load of the back of the neck in a very comfortable way.

Neck pillow

The specially designed neck pillow will take the load of the back of the neck in a very comfortable way and give total relaxation in the shoulders and neck

Backrest

The design of the backrest will give you support for the whole back – from the pelvis to the neck. The shape will also give freedom of movement for the arms and shoulders. The spine will have the same shape as when standing upright.

Armrest

The short, adjustable (width, depth, height) armrests give you the possibility to sit close to your working area.

Seat

The patented broken seat will give you the opportunity to sit in balance without taking help from the knees or feet. With help of the unique seat you will have the same balanced position on the spine as when standing upright. Infinite adjustable seat depth.

Tilt mechanism

Creates a varied sitting. By leaning backwards you will use the support from the backrests unique design for relaxation.

Foot cross

The foot cross is to be used as a feet support when leaning backwards.

The accessories for this chair are armrest in leather, headrest in leather and different kinds of gas springs. For accessories, please check in Be-Ge's collection. We have chosen hardwearing and durable upholstery in both fabrics and leather, in different colours that suit every environment. You can chose in our collection of upholstery or do your own choice – the most important is that you will have a chair that is perfect for you in both design and function.
